Product Information

Magnetic boards are made of high-quality tempered glass with a thickness of 0.5 cm, ensuring durability and resistance to damage. They feature metal hangers for easy wall mounting and a foam spacer that maintains an even distance from the wall.

Types of Boards:

- **Magnetic Board** – Designed solely for attaching notes, photos, letters, and other documents using neodymium magnets. Not suitable for writing with markers.
- **Magnetic Dry-Erase Board** – Combines magnetic functionality with the ability to write using dry-erase markers and easily wipe off notes. The set includes a marker, an eraser, and neodymium magnets.

Installation Instructions:

1. Ensure that the hangers are securely attached to the back of the board. **2.** Choose mounting brackets suitable for the weight and size of the board. **3.** Mark the wall where the brackets will be placed, ensuring they are evenly spaced. **4.** Drill holes and insert mounting anchors. **5.** Secure the brackets to the wall. **6.** Hang the board using the hangers on the back and check for stability and proper alignment.

Cleaning and Maintenance:

Clean the board with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners or aggressive chemicals, as they may damage the glass surface. Regular cleaning will help maintain the board's aesthetic appearance and functionality for a long time.

IMPORTANT! Follow safety precautions when using this product.

The product is made of glass and must be handled with care to prevent breakage or damage. Do not place the product in areas exposed to strong vibrations or shocks that could cause it to fall. If the glass is damaged (e.g., cracks or chips), stop using it immediately and dispose of it safely. Keep the board away from children – there is a risk of injury if it falls or breaks. Failure to follow these instructions may pose a risk to users' health and safety.
